**USPA NEWS** - Convergences´ first international edition of its World Forum, "Strengthening cooperation towards sustainable development in Myanmar", was held in Yangon, Myanmar on March 10th 2017. This project of a Convergences Myanmar Forum originates from the participation of the French Embassy to Myanmar in the 9th edition of the Convergences World Forum in Paris in September 2016, where it co-organised a session on "The transition in Myanmar: Emerging new actors". H.E. Olivier Richard, French Ambassador to Myanmar participated in this session, which was moderated by Charles Bonhomme, Head of the French Institute in Yangon.

Convergences' first international edition of its World Forum, "Strengthening cooperation towards sustainable development in Myanmar", was held in Yangon, Myanmar on March 10th 2017.------

By doing so, Convergences aims at building a wide-scale gathering project to debate ideas, to advocate for economic alternatives, and to frame innovative action plans in order to co-construct a "Zero Exclusion, Zero Carbon, Zero Poverty" Myanmar and thus contribute to the achievement of the SDGs.------

The Forum also saw the launch of the Global Alliance for a Zero exclusion, Zero carbon & Zero poverty world ("3Zero Global Alliance" [2]) by NGO ACTED. Frédéric Roussel, Founder and Development Director of NGO ACTED, and President of Convergences defended the vision of a "Zero exclusion, Zero carbon, Zero poverty" [2] world that calls all individuals and organizations to think and act together as to respond to the duty of achieving a world without exclusion, carbon and poverty.
