-----Bill & Melinda Gates Foundation (BMGF), also known as the Gates Foundation, is a private foundation founded by Bill and Melinda Gates. It was launched in 2000, and is said to be the largest private foundation in the US, holding \$38 billion in assets. The primary aims of the foundation are, globally, to enhance healthcare and reduce extreme poverty, and in America, to expand educational opportunities and access to information technology. The foundation, based in Seattle, Washington is controlled by its three trustees: Bill and Melinda Gates, and Warren Buffet,-----

It had an endowment of \$44.3 Bn as of December 31, 2014. The scale of the foundation and the way it seeks to apply business techniques to giving makes it one of the leaders in venture philanthropy, though the foundation itself notes that the philanthropic role has limitations. In 2007, its founders were ranked as the second most generous philanthropists in America, and Warren Buffett the first. As of May 16, 2013, Bill Gates had donated US\$28 billion to the foundation. THE MOTTO OF BILL & MELINDA GATES FOUNDATION IS "ALL LIVES HAVE EQUAL VALUE" said Bill Gates -----

The other motto of Bill & Melinda Gates Foundation is "WE ARE IMPATIENT OPTIMISTIC WORKING REDUCING INEQUITY" said Bill Gates his emblematic sentence makes sense, and grants the Foundation to be one of the most powerful, entity renowned for empowering the poorest especially the women and girls when it comes to get access o eduction, work or just a living for surviving in extreme locations.-----

Providing the resources to change public policies and attitudes, behaviours, is another key factor of success for a great social impact in the most fragile zones of the world. This way of inspiring people and help them to get to take action by themselves rather than to be assisted all the time, is probably the smartest method used by the Bill & Melinda Foundation, and the most impactful, eventually. Because, the founder Bill and his wife Melinda, do actually go to the field, and even train themselves the people in need, in Africa especially, in remote areas, away from every means of communication and sometimes, lack of drinkable water. Their choice of doing it themselves gives not only a credit to their actions, but also the best reward and recognition, once the job is done and the progress is proved to their philanthropy.-----

Bill and Melinda Gates, have learnt how they can use their fame and power to influence the biggest global leaders to encourage them to be part of the global effort of solidarity towards the poorest and this week, the choice was to lobbying in France. This is how, Melinda Gates was welcomed by President Macron and his wife Brigitte, the same day as Justin Trudeau Canadian Prime Minister. Justin Trudeau and Melinda Gates discussed Canada's commitment to the Global Goals, last year in September 2017. We get that diversity is a source of strength," [?] Justin Trudeau said, in conversation with Melinda Gates. "One of the most obvious diversity plays you have to make is that you have equal representation of men and women." [?] Gates introduced the Canadian prime minister today at Goalkeepers, an event
