GA ARCHITECTS & ENGINEERS: CREATING ARCHITECTURAL MASTERPIECES

AT THE INTERFACE BETWEEN SCIENCE AND ART

PARIS - ABU DHABI, 30.07.2020, 09:44 Time

USPA NEWS - When science meets art and creativity, there's a chance that a masterpiece will appear. A masterpiece that artistically interprets advanced technology and achievements of science through the unique vision of the creator. It is especially important for architecture when it is important to create not only a beautiful building but also a structure that will provide reliability and comfort for life and work for many years. Projects of this type are born through the efforts of GA Architects & Engineers, this year's winner of Luxury Lifestyle Awards in the category of The Best Luxury Architect and Interior Design Studio in Abu Dhabi, UAE.

The engineering company GA Architects & Engineers was founded in 1993 by Ghazi Awad. Today the Abu Dhabi-based firm is one of the best-known and demanded firms in the United Arab Emirates. With a wide range of completed projects, it is a leading architectural company in the city and one of the leaders in the country.

GA Architects & Engineers brings together a team of experienced architects and engineers of the highest level to accomplish different aspects of design, including architectural, structural, mechanical, and electrical studies. The company's portfolio contains different types of projects, among which private residences, hospitality, high rise buildings, mixed-use complexes, offices, commercial, industrial projects, and religious buildings.

Putting the client's interests first, the team applies all its rich experience to create unique and sustainable projects. Each development by GA Architects & Engineers delivers cutting-edge solutions to improve the environment and have a positive impact on the future.

"On behalf of the entire team of GA Architects & Engineers, I would like to express my great gratitude to the experts of Luxury Lifestyle Awards for recognition at such a high level. We are honored to be among the leading companies that change and improve the image of the country," said Ghazi Awad, the founder and owner.

The engineer services provided by GA Architects & Engineers are well-known for the cost-efficient and sustainable structural design, adopting the international codes and standards, and using up-to-date software. The company delivers cost-effective and sustainable system designs ensured by maintaining a balance between the energy factor and living comfort.
