STATEMENT BY NED PRICE SPOKESPERSON US DEPARTMENT OF STATE -----« The United States is extremely concerned about ongoing confrontations in Jerusalem, including on the Haram al-Sharif / Temple Mount and in Sheikh Jarrah, which have reportedly resulted in scores of injured people. There is no excuse for violence, but such bloodshed is especially disturbing now, coming as it does on the last days of Ramadan. This includes Friday's attack on Israeli soldiers and reciprocal "price tag" attacks on Palestinians in the West Bank, which we condemn in no uncertain terms. We call on Israeli and Palestinian officials to act decisively to deescalate tensions and bring a halt to the violence. It is absolutely critical that all sides exercise restraint, refrain from provocative actions and rhetoric, and preserve the historic status quo on the Haram al-Sharif / Temple Mount "" in word and in practice. Leaders across the spectrum must denounce all violent acts. Security services must ensure the safety of all of Jerusalem's residents and hold all perpetrators to account. We are also deeply concerned about the potential eviction of Palestinian families in Sheikh Jarrah and Silwan neighborhoods of Jerusalem, many of whom have lived in their homes for generations. As we have consistently said, it is critical to avoid steps that exacerbate tensions or take us farther away from peace. This includes evictions in East Jerusalem, settlement activity, home demolitions, and acts of terrorism.-----

The State Department is in touch with senior Israeli and Palestinian leaders to work to deescalate the situation. The United States urges both sides to exercise decisive leadership and work cooperatively together to lower tensions, end the violence, and reinvigorate long-standing coordination mechanisms and relationships that have served their shared interests over the decades. We also urge the authorities to approach the residents of Sheikh Jarrah with compassion and respect, and consider the totality of these complex historical cases and how they impact real lives today » .
