USPA NEWS - Nuclear World War 3 between Russia – USA Will be Hell on Earth

Shazada Hayat President UICF (UK) and international community welfare campaigner is urging the Prime Minister of United Kingdom Boris Johnson, to act as a matter of urgency with utmost caution and responsibility, to deescalate the imminent threat of World War Three between NATO and Russia. If The Third World War is triggered this will most certainly mean hell on earth and the end of the world as we know it.

Shazada Hayat said, The President of Russia Vladimir Putin is imminently poised to attack and invade Ukraine because Russia is strongly opposed to having NATO interferences and military bases in Ukraine, which is deemed as on the door steps of Russia. This is history repeating itself, when in 1962 the Soviet Union wanted to set up nuclear bases in Cuba, which was also deemed by the United States as having USSR military bases on its doorstep. The then President of United States of America John F Kennedy warned the Soviet Union President Nikita Krushchev to abort the soviet ambitious plan and remove the military bases from Cuba, or face the consequence of a destructive nuclear Third World War.

The USSR President Krushchev with a phenomenal nuclear power matching the United States and NATO countries combined, used his wisdom thank God and accepted the wishes of the United States, and in the interest of saving the world from inhalation, said Shazada Hayat.

Today Russia is making the same request to the United States and its NATO allied countries not to interfere by building military bases in Ukraine, which just like Cuba is on the door steps of Russia. The British Prime Minister Boris Johnson needs to ascertain how would he and Britain feel and react if Scotland gained independence and Russia or China, heaven forbid embarked on building a nuclear military base in Scotland. Would Britain in such circumstances remain silent, and accept the situation. The Torah, the Bible and the Quran is quite clear on the fact, "Do not do to others what you don't want to be done to you".

The Ukrainian nation must not be used as a bate to settle any political scores with Russia, just as Hitler used Poland as an excuse to take on the world to unleash his catastrophic brutality on humanity. Ukraine will be wiped off the world map as a result of this dangerous liaison, so will many other countries most certainly will be destroyed beyond comprehension.

The United States at any costs were not prepared to budge if the Soviet Union would build its nuclear military base in Cuba. It beggars' belief why then the United States would now build NATO bases in Ukraine on the doorsteps of Russia and expect President Putin and Russia to remain silent. The British Prime Minister Boris Johnson must leave no stone unturned to prevent and deescalate the tension between Russia and the United States. The world has witnessed catastrophic loss of millions of lives of innocent men, women and children who have suffered horrendously as a result of the First and Second World War. The Third World War will be of a magnitude and destruction beyond human imagination.

The world must never allow anyone to step into be the new Hitler, Stalin, Roosevelt or Churchill and enter into a Third World War, as there will be no return after this catastrophic world war. The world must do everything in its power to stop the destructive, scrupulous and power-hungry politicians from risking the destruction of this beautiful planet and humanity.

If the Third World War was triggered off between NATO and Russia this will see China and India also go into a full-scale war, which will inevitably drag Pakistan into the war. Israel will attack Iran and the whole of the Middle East will erupt and be engulfed in flames that will be hard to extinguish, said Shazada Hayat.

Prime Minister Boris Johnson announced this week that he will be sending British troops to fight in Ukraine, knowing full well these patriotic sons and daughters of Britain will be sent on a one-way ticket, without any hope of them coming back alive. British soldiers who joined to fight and defend queen and country did not signed up to be used as sacrificial lambs to be scarified for political ambitions of any sinister politicians.

The British mothers and fathers, the widows and orphan children will never forgive the former Prime Minister Tony Blair for sending the British soldiers to the slaughter into a meaningless Iraq war, which was based on lies. The British and American mothers and fathers will never forget or forgive the former British Prime Minister Tony Blair and the former President of United State George W Bush.

Common sense must prevail in the interest of peace, prosperity and justice. Just as President Krushchev the Soviet Union respected the wishes of President John F Kennedy and removed Soviet bases from Cuba; the President of United States Joe Biden must also show respect by not putting nuclear bases in Ukraine, on the doorsteps of Russia and acknowledge the request of President Vladimir Putin. Britain and United States together with other nations must open an immediate dialogue between Russia and Ukraine to respect each other and become close friends, as that is the only way forward for both the countries prosperity and global peace.

The British Prime Minister must therefore use his influence with the United States and NATO countries to find a lasting and peaceful solution to this catastrophic and destructive outlook. If however, once a Third World War kicks off no one would be able to stop it and reverse its mayhem and catastrophe, which most certainly would lead to annihilation of human lives and make this great beautiful planet baron and floating aimlessly in the galaxy.
