USPA NEWS - Press Release

What game are the Tory party playing?

The UK based Kashmiri International outfit representing the diaspora and world renowned think tank Global Pak Kashmir Supreme Council Chairman Raja Sikander Khan released a press release strongly condemning British Home Secretary Suella Braveman's appalling statement that the community of British Pakistanis are full of child abusers and rapists.

It's very disgraceful that Tories are going on about "Pakistani Grooming Gangs"

Home Office research shows majority of child abusers are white, they have nothing else to say as the Tories are playing the race card and Home Secretary Suella Braveman is seemingly attempting to initiate a " RACE WAR " RACE WAR - RACE WAR - RACE WAR

It's very appalling statement from the the Home Secretary Suella Braveman in fact it's a "worse statement" from " Home Secretary " that the community of the British Pakistani is full of child abusers and rapists.

My advice to " Suella Braveman " is to read her own departments report before choosing to demonise British Pakistani men so atrociously.

What game are the Tory party playing?
Despicable though it was that the British Pakistani involved is unacceptable and the fact is that over " 90 percent " of perpetrators are white.

In my opinion it's a very serious " allegations " against British Pakistanis and it's a criminal offence to call the whole community a rapists.

I therefor strongly condemn the Home Secretary Suella Braveman's statement and demand an apology along with resignation of Home Secretary position from her and suggest that she gets her facts right and not to mislead the general public.
