IN 2015 INDRA AUTOMOBILE BECOMES 1ST AUTOMOTIVE RECYCLING IN FRANCE

RECYCLING OF ONE-THIRD OF LIFE VEHICLES

Paris, Washington DC, 01.02.2016, 22:06 Time

USPA NEWS - On the occasion of its annual national convention which was held in Lisbon on 16 and 17 January, Indra received its entire network to celebrate its 30 years. It is the opportunity to recall the success of its business model and reward the best players in the network in France.

The Indra group announced a turnover of € 41 million in 2015 and projects a sales network business € 270 million and explores new ways for development of the sector "automotive recycling" and portend ambitious one year in 2016. WHAT ARE THE CHALLENGES OF AUTOMOBILE RECYCLING?
EXPERTISES?
This unique business model covers 360 auto recycling. A visionary network whose scholarly alchemy is to respect European directives (achieving 95% recycling of the vehicle mass) and the development of the profitability of a network ELV centers whose stakes are changing. The recipe lies in the convergence of four complementary expertise (management and distribution, network animation, engineering, deconstruction) and a mutual philosophy
Indra aims to structure the market by organizing courses materials, reuse of parts and processing of damaged vehicles or dying from individuals. Its ability to provide full traceability of the operations of decontamination and treatment of materials sheds light manufacturers. Source Indra
